Subject: Reviewing Burke QFR's (DEADLINE COB 7/15)
Attachments: SEPW Questions for ORD Nominee Thomas Burkedraftresponsescleanversion071....docx
Importance: High

Hi all,

I've attached the latest version of the Burke confirmation QFRs to this email. We've been asked to review concurrently with Bob Kavlock. I'll start taking a look, but it might be more efficient if we have a look as a group.

Since the QFR numbers get weird, here are the page numbers where there are NCEA/IRIS relevant QFRs

Page 2-3	(NAAQS/Reliance on old data; John V drafted this response)
Page 4	(IRIS stakeholder engagement and changes to definitions/methodologies)
Page 5-7	(IRIS General)
Page 8-10	(TCE)
Page 13	(A general question on threshold, which references PM2.5)
Page 16	(Olden/Preuss – probably doesn't need any editing though)

-Lou
